

If we have to cancel activities due to inclement weather, we will do the following in the morning:

- 1) Inform the River Grove Community Centre front desk that RGSFC would not have any activity on that day. (even though the Community centre might be open)
- 2) Inform all Activity Leaders about cancellation of all RGSFC activities for that day.

The overall principle that we have been following for such cancellations, is that if Peel District Public School Board is cancelling school buses for Zone 1, then there will not be any RGSFC activities for that day. From school buses weather related cancellation perspective, Peel District Board is divided in three zones, and River Grove Community Centre falls in Zone 1. So, no buses for Zone 1, no RGSFC activities.

Usually, CP24 and other local channels convey information about school buses cancellation, around 6 am or so on such days. Or you can go to the Student Transportation of Peel Region (STOPR) website at <https://www.stopr.ca/weather-cancellations> for latest information.
